

MedConnect

Store your medication information online

MedConnect Access Card

What do the physicians say?

AAPS Association of American Physicians and Surgeons, Inc. recommendations:

- ☑ **Keep your doctor advised** of all medications.
- ☑ **Make a list** of all medications, vitamins, and supplements. The list should include name, use, dosage, and how often you really take every pill, tablet, etc.
- ☑ **Update the list** every time you see a new doctor; change, add, or subtract medications, and alter dosages.
- ☑ **Make sure your physician sees your list** with each visit.
- ☑ **Your physician should keep a copy** of the medication list.
- ☑ **Try to minimize the number of pharmacies** used and keep your pharmacist up to date.

This is where MedConnect comes in...

After entering your current medication information, show your MedConnect Access Card to your doctor, pharmacist, or caregiver. They will easily view your medication list online and make sure you're receiving the proper care. *It's that easy!*

Your Medication Information in One Single, Safe Location

Easy for Your Doctor, Pharmacist or Caregiver to Access

Included with a subscription to our PERS service at no charge. **FREE!**

The Care Center

Care...the essence of what we provide. Whether getting assistance, providing reassurance, or just a friendly voice, we're there when others can't be, and happy to speak with a "member" anytime.

Center...because we are at the center of getting information to all the parties involved in keeping our members safe and at home, where they are most happy.

You can have confidence the Care Center will be there when you need it because we designed it to incorporate the latest equipment and services from the leading companies in telephony and data processing.

INDEPENDENCE

We're giving you the tools to keep you at home feeling confident and safe.

Personal Response Service

easy-to-use

How it works...

1
Simply Push Button and speak to the Care Center

"Mary, this is the Care Center, your mom has fallen outside, are you able to go over and help her?"

2

"...thanks for calling, I'll go over and check on mom right now. I'll press the button when I arrive."

A Medical Alert System in your home means that we're there to help with just the touch of a button.

- No Long Term Agreements
- No equipment to purchase
- Friendly local staff
- No hidden charges

ALWAYS 24/7 ACTIVE

"I've got someone at the door and wasn't expecting visitors, can you listen while I see who it is?"

1

"We'll stay right here while you check."

The HELP Button
Smallest available.
Comfortable & Convenient.
Waterproof design.

3
"Mom's just fine, thanks to you and her button, she should be back in the garden tomorrow if not sooner!"

*Actual model may vary.

"That's what we're here for. Glad to hear everything's ok. Call us anytime."

The peace of mind, security, and confidence to continue with daily activities and maintain your independence can be yours with the high quality **Personal Response System** (also known as a Medical Alert System) that is affordable and easy to use.

2
"Oh it's just my granddaughter, so nice of her to visit."

"Great Martha, enjoy the visit, if you need us again just press your button, have a great day now."
